## Profile

I am a B.Tech student at Sri Sri University with a specialization in Artificial Intelligence and Machine Learning. I have a strong foundation in programming, having contributed to projects across various domains. My skills include Python, Java, TensorFlow, and expertise in web technologies such as HTML, CSS, JavaScript, Angular, React, and the Ionic Framework. Additionally, I have experience in machine learning, deep learning, natural language processing, computer vision, and front-end development with Tailwind.
